Enclosed is a patent application for our lighting fixture. It includes 3 pages of drawings, 15 pages of patent application and a check for \$487 for the patent fee. The application was prepared by our patent attorney and I'm filing it as an individual. The joint inventor refused to sign a declaration stating that there are (2) two inventors. The other inventor is William A. Hein, 670 6<sup>th</sup> Street, Manhattan Beach, CA 90266, (310) 374-7763.

I am enclosing a self addressed stamped post card that I ask you sign and return stating that our application has been received.

If I can assist you in any way please call me at (800) 480-8013. Thank you in advance for your help.

Best Regards,
